

Reagan Speas

800 Marion Pugh Drive #2411 College Station, TX 77840 | 713-449-2434 | rspeas97@gmail.com

Education

BACHELOR OF SCIENCE | CURRENTLY ENROLLED | TEXAS A&M UNIVERSITY

· Major: Horticulture

Experience

KITCHEN SUPPORT | CINEMARK | MAY 2014- AUGUST 2016

-Working my first job taught me a lot of valuable lessons like how to interact with guests, solve problems on my own, stay positive, and, when I became one of the most experienced employees, how to be a leader.

GUEST SERVICE REPRESENTATIVE | NOTHING BUNDT CAKES | MAY 2017- AUGUST 2017

-The management here had a specific way they expected employees to interact with guests which pushed me to improve how I interacted with guests according to their standards.

HORTICULTURE INTERNSHIP | THE WALT DISNEY COMPANY | MAY 2018-AUGUST 2018

-I worked with the full time gardeners and did landscape maintenance throughout the parks.
-Some of the tasks I was given include reconstructing flower beds, watering, weeding, trimming topiaries, sheering, and more.

Activities

AGGIE REPLANT

I am on the tree team committee that is responsible for finding and maintaining the tree farm. The club as a team replants thousands of trees where catastrophic events have destroyed many trees in a particular area.

AGGIES FOR GUIDE DOGS AND SERVICE DOGS (AGS)

This club's goal is to spread awareness of how important guide and service dogs are. I am an active member and participate in club activities.

HUMAN, ENVIRONMENT, AND ANIMAL TEAM (H.E.A.T.)

I am an active member of the animal committee. As a team we raise awareness for issues including how garbage affects sea turtles and we volunteer at multiple different animal sanctuaries.
